</tbody>
</table>

- Maintain business perspective on how change initiatives are integrated into the business, considering potential impact on business cycles, stakeholders and operations
- Design strategic implementation plans, covering all business activities, key personnel and resources required to prepare the organisation for change
- Outline key stakeholder engagement messages to be communicated throughout the change process to generate shared commitment and ownership of the change
- Approve, allocate and set limits for finance usage to support transformations
- Ensure the required internal and external resources are acquired in place, and of sufficient quantity and quality to facilitate the changes effectively
- Guide development of change management strategies in accordance with organisational culture, taking into consideration interests of relevant stakeholders
- Build an environment ready for change management programmes
