

SKILLS FRAMEWORK FOR TOURISM

Career Pathways

The Career Map serves as a reference to reflect the available job roles and possible career pathways in the Tourism sector, which may vary depending on each company's structure and business context. The career progression pathways would depend on individual performance, capability, experience, aspiration, as well as company needs.

These icons represent each of the three sub-sectors covered by the Skills Framework for Tourism. Icons that appear in the Job Role boxes indicate that the job role can be found in the sub-sector represented by that icon.
