

## **List of Sectoral SkillsFuture Study Awards**

### **1. Sector Agency Name: Building and Construction Authority**

#### **Name of Study Award: SkillsFuture Study Award for Built Environment Sector**

#### **Sector Overview**

The Built Environment sector has shaped Singapore into a vibrant and liveable city. Aside from building homes, schools, healthcare facilities, and transport infrastructure, our successes also include engineering feats such as Marina Bay Sands, Marina Coastal Expressway, and Jurong Rock Caverns.

Our upcoming projects include Changi Airport's expansion, doubling our rail network, as well as the redevelopment of the Tanjong Pagar and Paya Lebar areas. Singapore is also set to become an infrastructure hub in the region. Asia's fast-paced development and growth offers professionals in this sector exciting opportunities to develop their skills and expertise through overseas exposure.

The Built Environment sector is a key pillar of our economy and national development. To remain future-ready, companies are adopting advanced technologies and processes, higher levels of mechanisation and off-site manufacturing, as well as assembly or Design for Manufacturing and Assembly. New technologies such as Building Information Modelling will also boost productivity and better integration in the construction value chain.

Training and development are essential to support talent growth. Through this SkillsFuture initiative, you can gain better career and advancement opportunities by developing mastery of skills in the Built Environment sector.

#### **Eligibility Criteria**

- Singaporeans with work experience in the Built Environment sector are preferred
- Committed to deepening skills in the sector
- Has track record of contributing to the learning or training of self and/or others
- Meet eligibility criteria of the course applied for
- Not a previous recipient of any SkillsFuture Study Award

#### **Examples of Supported Courses**

- Bachelor of Construction Management in Building (Foundation) (part-time)
- Bachelor of Construction Management in Building (Hons.) (part-time)
- BCA-SMU-WDA Advanced Management Programme
- Certification Course for Green Mark Professional
- Certification Course for Green Mark Facilities Professional
- Master of International Construction Management with major in Construction Productivity
- Specialist Diploma in Architecture Technology
- Specialist Diploma in Building Cost Management
- Specialist Diploma in Building Information Modelling
- Specialist Diploma in Construction Management
- Specialist Diploma in Construction Productivity

- Specialist Diploma in Facility & Energy Management
- Specialist Diploma in M&E Coordination
- Stanford-BCA Advanced Management Programme in Virtual Design and Construction

**Application Period**

For courses that commence from December 2015

**Application closing date:** Applications will be accepted all year round.

**Evaluation Process**

Evaluation of applications will take about 4 weeks after the closing date. Shortlisted applicants will be notified.

**2. Sector Agency Name:** Civil Aviation Authority of Singapore  
**Name of Study Award:** SkillsFuture Study Award for Air Transport Sector

**Sector Overview**

As a key enabler of our economy, the Air Transport sector has shaped Singapore into a global air hub connecting the world, attracting high value-add investments and talent to Singapore. The sector's leading airport and airline companies are world-class leaders in their respective fields.

The growth of air travel in the Asia-Pacific region presents exciting opportunities for Singapore, with our carriers poised to receive over 150 new aircraft in the coming years. Aside from additional infrastructure for Changi Airport, the development of a third runway, and a mega-terminal 5, we are also expanding industrial land for more air cargo and aerospace companies.

With these exciting plans, we need to groom a specialist workforce equipped with in-depth air transport-related skills and expertise to lead the Air Transport sector into its next phase of growth.

**Eligibility Criteria**

- Singaporeans with minimum 3 years of work experience in the Air Transport sector
- Has good work performance and committed to deepening skills in the sector
- Has track record of contributing to learning or training of self and/or others
- Not a previous recipient of any SkillsFuture Study Award, CAAS Aviation Leaders Scholarship or Aviation Horizons Scholarship

**Examples of Supported Courses**

| Course*  | Institution                      |
|--|----------------------------------|
| Bachelor of Science in Aviation Business Administration<br>(Certification by Embry-Riddle Aeronautical University) | ERC Institute                    |
| Aviation and Air Transport Advanced Management Programme<br>(With International Air Transport Association [IATA])  | Nanyang Technological University |
| Executive Masters of Business Administration in Aviation and Air Transport<br>(With IATA)                          |                                  |
| Bachelor of Applied Science (Aviation)<br>(Certification by RMIT University)                                       | SIM Global Education             |
| Master of Science in Air Transport Management<br>(Certification by Cranfield University)                           | Singapore Aviation Academy       |
| Master of Business Administration in Aviation<br>(Certification by Embry-Riddle Aeronautical University)           |                                  |
| Doctor of Philosophy in Aviation<br>(Certification by Embry-Riddle Aeronautical University)                        |                                  |
| Bachelor of Aviation Management by Distance Learning<br>(Certification by Massey University)                       |                                  |
| Postgraduate Diploma in Aviation by Distance Learning<br>(Certification by Massey University)                      |                                  |
| Diploma in Aviation Management and Services  | Temasek Polytechnic              |

*\*Applicants may propose relevant short courses and diploma programmes from the Singapore Aviation Academy or International Air Transport Association for consideration on a case-by-case basis.*

**Application Period**

**Application closing date:** Applications are accepted throughout the year.

**Evaluation Process**

Evaluation of applications will take about 4 to 6 weeks after the closing date. Shortlisted applicants will be notified.

**4. Sector Agency Name:** Maritime and Port Authority of Singapore (MPA)  
**Name of Study Award:** SkillsFuture Study Award for Maritime Sector

**Sector Overview**

The maritime sector comprises our vibrant port, shipping, maritime services, as well as offshore and marine engineering clusters. The sector’s 5,000 maritime companies employ more than 170,000 people and accounts for about 7 per cent of Singapore’s Gross Domestic Product.

Singapore has one of the highest concentrations of international shipping groups and is home to more than 130 of the world’s top shipping groups. The maritime services cluster is made up of established players in diverse sectors such as shipping finance, shipbroking, marine insurance, and maritime law and arbitration. As one of the world’s busiest ports, the Port of Singapore is also one of the top bunkering ports.

The importance of the maritime sector will increase further with the development of our new port in Tuas. Leveraging greater automation, intelligent systems, and data analytics to optimise port operations, our future ports will require highly skilled manpower.

To support our growth as a premier global hub port and a leading international maritime centre, we need a strong maritime workforce in both shore-based and seafaring jobs. As ships become larger and more sophisticated, skilled teams of captains, engineers, and crew are needed to man them. Similarly, as Singapore’s vibrant international maritime centre continues to grow and expand, there will be increased demand for deep expertise across diverse shore-based careers in both commercial and technical roles.

These developments mean that professionals will discover more opportunities for fulfilling and exciting maritime careers in Singapore’s maritime sector.

**Eligibility Criteria**

- Singaporeans with minimum 2–3 years of work experience in the Maritime sector
- Currently employed in the sector
- Committed to deepening skills in the sector
- Has track record of contributing to the learning or training of self and/or others
- Attend pre-selected courses listed below that facilitate progression in key Maritime sub-sectors
- Applicants must provide proof of admission into the selected course of study and letter of support from their employer
- Not a previous recipient of any SkillsFuture Study Award
- Applicants should not have completed the course as at application closing date

**Supported Courses\***

| Course  | Institution                        |

**5. Sector Agency Name: Monetary Authority of Singapore (MAS)**  
**Name of Study Award: SkillsFuture Study Award for Financial Sector**

**Sector Overview**

Singapore has established a thriving financial centre of international repute, serving not only its domestic economy, but also the wider Asia Pacific region. A broad range of financial services are offered, including banking, insurance, asset management and treasury services.

As a regional and global financial hub, we must continue to grow top talent in order to maintain our competitive edge. MAS, in partnership with the industry and educational and training institutes, has put in place a strong training ecosystem, co-funded by the Financial Sector Development Fund. Strong emphasis is placed on skills building, to ensure that financial sector professionals develop high levels of skills so that they can perform their jobs well.

As Singapore’s financial industry grows in scale as well as breadth of activities and participants, MAS will continue to work closely with the industry to invest in Singaporeans who are committed to a career in the financial sector, and groom a local talent pipeline of exceptional finance professionals and leaders. Our vision is to be a financial centre that is among the leaders globally in workforce skills and expertise, with a strong core of Singaporeans at every level.

As part of the national SkillsFuture initiative, MAS is pleased to introduce the SkillsFuture Study Awards. Targeted at Singaporeans in the early to mid-stages of their careers, the study awards aim to help such Finance professionals develop and deepen their skills through a wide range of programmes, including shorter courses, especially in areas where industry expertise remain in short supply, for example cyber security management.

**Eligibility Criteria**

- Singaporeans with minimum 3 years of work experience in the Financial sector
- Committed to deepening skills in the sector
- Has track record of contributing to the learning or training of self and/or others
- Not a previous recipient of any SkillsFuture Study Award

**Examples of Supported Courses**

Supportable courses include but are not limited to short-term executive technical courses and specialist diplomas programmes such as:

| Course  | Institution                                   |
|---|---|
| Specialist Diploma in Business Analytics                            | Temasek Poly                                  |
| Specialist Diploma in Cloud Data Centre Technology and Management   | Nanyang Poly                                  |
| Specialist Diploma in Business & Big Data Analytics                 | Nanyang Poly                                  |
| Specialist Diploma In Cyber Security Management                     | Singapore Poly                                |
| Advanced Diploma in Enterprise Business Analytics                   | Ngee Ann Poly                                 |
| Financial Market Operations and Technology: Risk Management Systems | SMU   |
| Financial Risk Manager Certification Training Program               | NUS Risk Management Institute                 |
| NICF – Risk and Compliance Management                               | NUS Strategic Technology Management Institute |

**Application Period**

For courses that commence between Jan 2016 and Mar 2017

**Application closing date:** 31 Dec 2015

**Evaluation Process**

Evaluation of applications will take about 6 to 8 weeks after the closing date. Shortlisted applicants will be notified.

**6. Sector Agency Name: National Council of Social Service (NCSS)**  
**Name of Study Award: SkillsFuture Study Award for Social Service Sector**

**Sector Overview**

The Social Service sector promotes the well-being of Singaporeans and our communities. Social service professionals work together with individuals, families, and communities to empower them to be self-sufficient and function well in society.

Currently, there are 450 voluntary welfare organisations (VWOs) with around 13,000 professionals serving over 400,000 beneficiaries in Singapore's Social Service sector. The demand for social services will continue to rise against a backdrop of changing demographic, economic, and social trends.

Careers in the sector are varied and range from managerial and support positions like social work associates, social service assistants, to specialist roles like social workers, therapists, counsellors, early intervention teachers, and psychologists.

The sector needs competent professionals with the conviction to serve the community with a client-centric approach. Social service professionals must be able to anticipate and plan for changing needs, mobilise community resources, provide integrated and holistic solutions, and work with policy-makers to improve social programmes and policies.

**Eligibility Criteria**

- Singaporeans with minimum 3 years of work experience in the Social Service sector
- Currently employed by an NCSS-member VWO or MSF-funded VWO
- Must have held or currently holds a position in one of the key professions e.g. counsellor, Early Intervention Programme for Infants and Children (EIPIC) teacher, psychologist, social worker, therapist or in managerial or support positions e.g. social work associate, social service assistant
- Committed to deepening skills relevant to the sector
- Has track record of contributing to the learning or training of self and/or others
- Individuals on the Professional Development and Management Programme (PDMP), Leadership Development Programme (LDP), and Sabbatical Leave Scheme (SLS) can apply for the SkillsFuture Study Award **only** after serving out the bond/minimum service period. Applicants have to declare upfront that they are recipients of PDMP, LDP, or SLS
- Not a previous recipient of any SkillsFuture Study Award

**Supported Courses**

1. All proposed courses should have fees (net of any other subsidies) \$2,500 and above.
2. All proposed courses should fall into one or more of the following categories:
  - Conducted by the Social Service Institute (SSI) and/or VWOs-Charities Capability Fund (VCF)-funded courses
  - Courses which are not conducted by SSI or VCF-funded but are endorsed by employers. This only applies to applicants who are nominated by their employers
  - Courses / academic qualifications leading to social service related qualification or to recognised qualification of social workers, psychologists, counsellors, therapists, EIPIC teachers (i.e. SSI-WSQ Advanced Certificate in Social Services, SSI-WSQ Diploma in Social Service)

**Application Period**

| <b>Course Commencement Period</b> | <b>Application Period for SkillsFuture Study Award</b> |
|-----------------------------------|--|
| Jan 2016 to Mar 2016              | 20 Oct 2015 to 31 Dec 2015                             |
| Apr 2016 to Jun 2016              | 1 Jan 2016 to 31 Mar 2016                              |
| Jul 2016 to Sep 2016              | 1 Apr 2016 to 30 Jun 2016                              |
| Oct 2016 to Dec 2016              | 1 Jul 2016 to 30 Sep 2016                              |

**Evaluation Process**

Evaluation of applications will take about 4 to 6 weeks after the respective closing dates. Shortlisted applicants will be notified.

## 7. Sector Agency Name: SPRING Singapore

### Name of Study Award: SkillsFuture Study Award for Food Services Sector

#### Sector Overview

The Food Services sector is a highly competitive market. There are more than 6,700 establishments in five sub-sectors, including restaurants, cafés, coffee shops, eating houses, snack bars, and canteens. The sector accounts for 0.8 per cent of Singapore's Gross Domestic Product.

Operating in a fast-paced environment, Food and Beverage (F&B) operators face challenges managing resources, business costs, and manpower shortages. However, by leveraging technology, and workflow redesign, operators can adopt new concepts and productive business formats to boost efficiency and enhance customers' dining experiences.

The Food Services workforce plays an integral part in helping the sector grow; workers must upskill continually to keep up with the changing environment.

#### Eligibility Criteria

- Singaporeans with minimum 3 years of work experience as Senior Waiter, Cook, Restaurant Manager, or Chef in the Food Services sector
- Seeking to upgrade skills in the Front-of-House and Back-of-House functions in the sector
- Has the ability to apply skills acquired at work and able to overcome challenges
- Is committed to deepen skills in the sector
- Has a track record of contributing to the learning or training of self and/or others
- Has strong career aspirations, able to see himself/herself contributing in the sector 3–5 years down the road
- Meets entry requirements for selected course of study
- **Individual applicants** must provide a letter of recommendation or testimonial from current or former employer. The letter must include examples of how the applicant's learning outcomes align with his/her current and future job requirements, work attitudes, **and** work performance
- **Employers' nominations** are highly encouraged. Employers must include examples of how the nominees' learning outcomes align with their current and future job requirements, work attitude, **and** work performance
- Not a previous recipient of any SkillsFuture Study Award

#### Examples of Supported Courses

##### Front of House (Restaurant Manager) Courses

| S/N | Course   | Institution                   |
|-----|--|-------------------------------|

**8. Sector Agency Name: SPRING Singapore**  
**Name of Study Award: SkillsFuture Study Award for Retail Sector**

**Sector Overview**

The Retail sector accounts for 1.4 per cent of Singapore’s Gross Domestic Product. It comprises 15,860 enterprises and employs 116,000 people – 50 per cent of whom work in departmental stores, supermarkets, and fashion sub-sectors.

Although the typical retail environment is customer-facing and manpower intensive, technology and global trends are presenting new growth avenues. In addition, changing shopping behaviours, rising consumer expectations, the digitisation of retail, and new market opportunities presented by Asia’s growth will impact the workforce.

These new opportunities and challenges mean that the retail workforce will require new skills and mindsets in both consumer-facing and backend roles. For example, to satisfy customer expectations for engaging experiences, cashiers and sales assistants must evolve and adopt roles as personal shoppers and brand advocates. New specialist technology skills in retail technologies, customer relationship management and data analytics as well as supply chain management will also open up opportunities for expanded roles at work.

The changing retail landscape will require the workforce to acquire the relevant skills to take on job roles supporting the new retail environment.

**Eligibility Criteria**

- Singaporeans with minimum 3 years of work experience in the Retail sector
- Able to apply skills acquired at work and overcome challenges
- Committed to deepening skills in the sector; seeking to develop retail management and emerging skills sets
- Has track record of contributing to the learning or training of self and/or others
- Has strong career aspirations; able to see himself/herself contributing in the sector 3–5 years down the road
- Other Retail Management, e-Commerce, Digital Marketing, Research & Development, Data Analytics, and Logistics/Supply Chain Management diploma-level courses (not listed in Annex A) may be considered on a case-by-case basis
- Meet entry requirements into selected course of study
- **Individual applicants** must provide a letter of recommendation or testimonial from current or former employer. The letter must include examples of how the applicant’s learning outcomes align with his/her current and future job requirements, work attitude, **and** work performance
- **Employers’ nominations** are highly encouraged. Employers must include examples of how the nominees’ learning outcomes align with their current and future job requirements, work attitudes, **and** work performance
- Not a previous recipient of any SkillsFuture Study Award
